- You are curious and interested in the acquisition and development of industrial and commercial real estate projects.
- You act responsibly and on your own initiative, have appropriate assertiveness, are a strong communicator and have a winning manner.
- You are convincing due to your existing practical experience, a structured and result-oriented way of working as well as basic entrepreneurial thinking and acting.
- You are fluent in written and spoken English and Portuguese.
- You are confident with Microsoft Office, especially PowerPoint and Excel.

### Your tasks

- Preparation of economic feasibility studies, including market and location analyses, for real estate development projects.
- Support with financial models and business plan calculations.
- Preparation of project and management presentations.
- Administrative and organisational support.
- General market research.

### What we offer

- Opportunity to gain a comprehensive insight into the world of project development as well as practical experience for your studies and your future career.
- Exciting and varied tasks await you.
- A great atmosphere in our centrally located, modern office in Lisbon with rooftop terrace.
- Integration in a young and dynamic team.
- Remunerated internship in the frame of the [IEFP Ativar Programme](#).
